

A group of diverse people are gathered around a long outdoor table, smiling and clinking wine glasses in a toast. The scene is set during sunset, with warm orange and yellow light. String lights are visible in the background. The table is set with white plates, glasses of wine, and a small vase with yellow flowers. The overall atmosphere is joyful and communal.

TESTIMONIALS

We followed Harvest by Hillwood on social media for months and just knew this is where we needed to be! So many great activities, and neighbors actually know each other. We are so glad to be part of the Harvest Family.

We moved to Harvest because it is centered around a farm. It has given us the opportunity to learn more about agriculture as we are raising our family. What really surprised us was the sense of community. People really want to hang out and spend time with one another. It has been great.

 Nora T.

We love our community here at Harvest. If you have kids, this is the place to be. There are many planned events for the kids and always something going on. We have made great friends here and plan on being here for many years to come.
